

TERTIARY EDUCATION COMMISSION

**Participation in Tertiary
Education 2015**

August 2016

ACKNOWLEDGEMENT

This publication has been possible with the support and collaboration of institutions and organisations engaged in tertiary education as well as Embassies/High Commissions based locally. The Tertiary Education Commission would like to express its appreciation to all the organisations and Embassies/High Commissions involved and to their staff for their invaluable assistance in providing the requested information.

While every care has been taken in the preparation of this publication, by its nature, it may contain errors which are unintentional.

1. Introduction

This seventeenth edition of *Participation in Tertiary Education*, a regular annual publication of the Tertiary Education Commission (TEC) reports on the state of tertiary education enrolment in Mauritius as at December, 2015. The report treats student enrolment from four broad sources, namely Publicly-Funded Institutions (PFIs), Private Post-Secondary Educational Institutions (PSEIs), Self-study and Mauritians studying overseas.

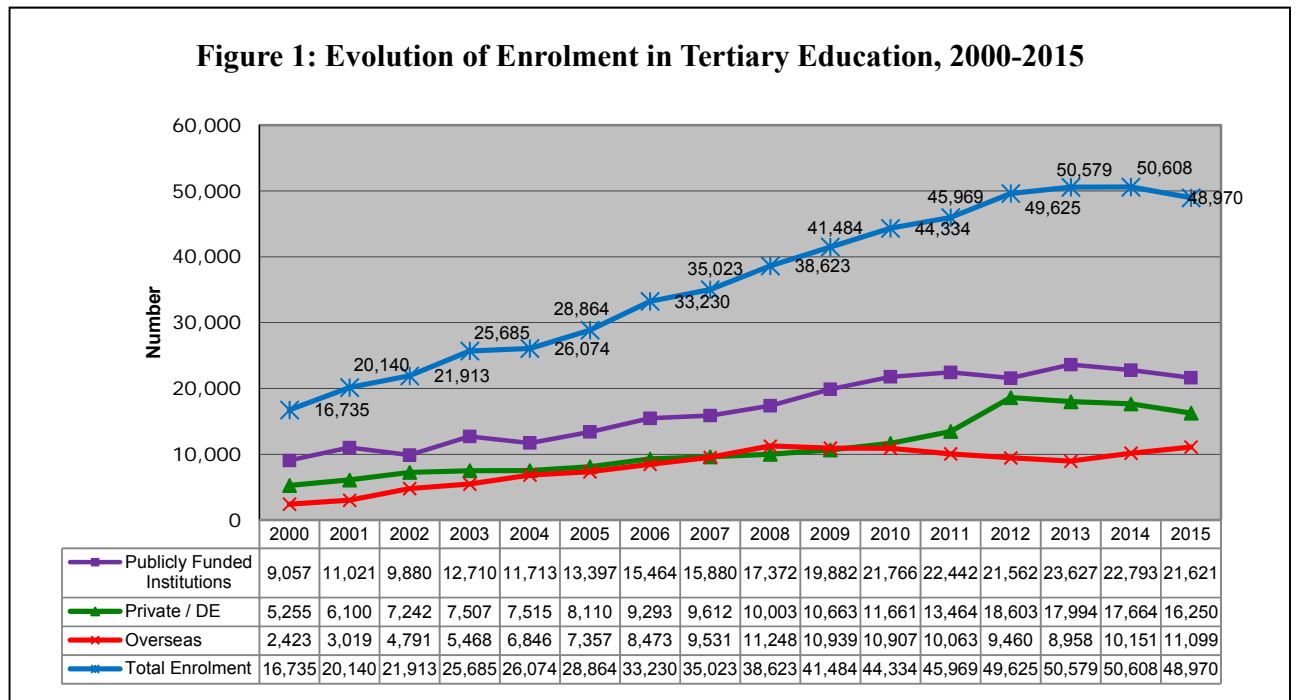

2. Methodology

The Report captures enrolment data in the public sector through a return that each of the ten PFIs submits to the Commission annually. For 2015, these institutions included the University of Mauritius (UoM), University of Technology, Mauritius (UTM), Open University of Mauritius (OU), Université des Mascareignes (UdM), Mauritius Institute of Education (MIE), Mahatma Gandhi Institute (MGI), Rabindranath Tagore Institute (RTI), Fashion and Design Institute (FDI), Mauritius Institute of Training and Development (MITD) and Mauritius Institute of Health (MIH).

Enrolment statistics in respect of the PSEIs was collected from a survey directed at the private institutions registered with the TEC. As at December 2015, out of 60 PSEIs that were targeted, 45 were deemed operational out of which 40 participated. Enrolment through Self-study was, on the other hand, gauged from the examination statistics collected in respect of 24 examination centers across the country. These centers which comprise the Mauritius Examinations Syndicate (MES) and the British Council, the 2 most important ones in the country, conducted examinations for a total of 92 overseas awarding bodies in 2015. In order to derive a best estimate of the number of students on Self-study i.e. those enrolled directly with an awarding body overseas, the enrolment data from the PSEIs was reconciled with the examination statistics.

Foreign embassies and High Commissions based in Mauritius were equally important sources of information with regard to Mauritians pursuing higher studies overseas. In this context, statistics on the number of student visas issued was received from the French Embassy through *Campus France*, the Australian Embassy through the Australian Trade Commission, the British High Commission, the Chinese Embassy, the High Commission of India, the High Commission of Pakistan, the Russian Embassy, the South African High Commission and the US Embassy. Secondary data sources were also consulted, namely the Employees Welfare Fund, the Scholarships Section of the Ministry of Education & Human Resources, Tertiary Education and Scientific Research and private recruiting agents. In parallel, references were made to international databases on higher education.

3. Overall Participation in 2015

Total Enrolment: Enrolment in tertiary education fell by 3.3% to 48,970 in December 2015, representing a reduction of 1,638 students compared with the same period a year earlier. After attaining a peak in 2014, total enrolment registered a drop for the first time in the last 15 years. Figure 1 shows the evolution of enrolment by source for the period 2000-2015. As can be observed, 37,871 (77.3%) students were pursuing their studies locally and 11,099 (23.7%) overseas (Table 1). Of those based locally, 32,588 (86.1%) were enrolled with a Tertiary Education Institution (TEI), that is, either a PFI (21,621; 57.1%) or a PSEI (10,967; 29%); and 5,283 (13.9%) were undertaking Self-study.

The distribution of tertiary enrolment both locally and overseas by source and field of study is given in Table 1. Total enrolment locally fell by 6.4% from 40,457 in 2014 to 37,871 in 2015, with growth of -5.1% (from 22,793 to 21,621) and -8.7% (from 17,664 to 16,250) for the PFIs and PSEIs/Self-study respectively. An increase, on the other hand, was registered in respect of Mauritian going for higher studies overseas, from 10,151 to 11,099 (+9.3%) (Table 3).

GTER: The Gross Tertiary Enrolment Rate (GTER) which is an indicator of the participation level of Mauritian in tertiary education maintained its decline to 47.4% in 2015, after peaking at 50.1% in 2013 (Annex refers). It is to be noted that the GTER is computed as a percentage of the total number of Mauritian students pursuing higher

studies, locally and overseas to the population in the age group 20 to 24 years. In 2015, out of a total tertiary student population of 48,970, 96.9% or 47,446 were Mauritian students.

New Admissions/Intake: New student intake added up to 14,627 (29.9% of the total tertiary enrolment) in 2015: 7,892 students were admitted in the PFIs, 4,087 in the PSEIs/Self-study and 2,648 in institutions overseas. Compared to the previous year when student intake stood at 15,830, there was a decrease of 1,203 (-8.2%) students in 2015, distributed as follows: PFIs (-676; -7.9%), the PSEIs/Self-study (-273; -6.3%) and Overseas (-254; -8.7%). Table 2 shows the distribution of new admissions by source and field of study.

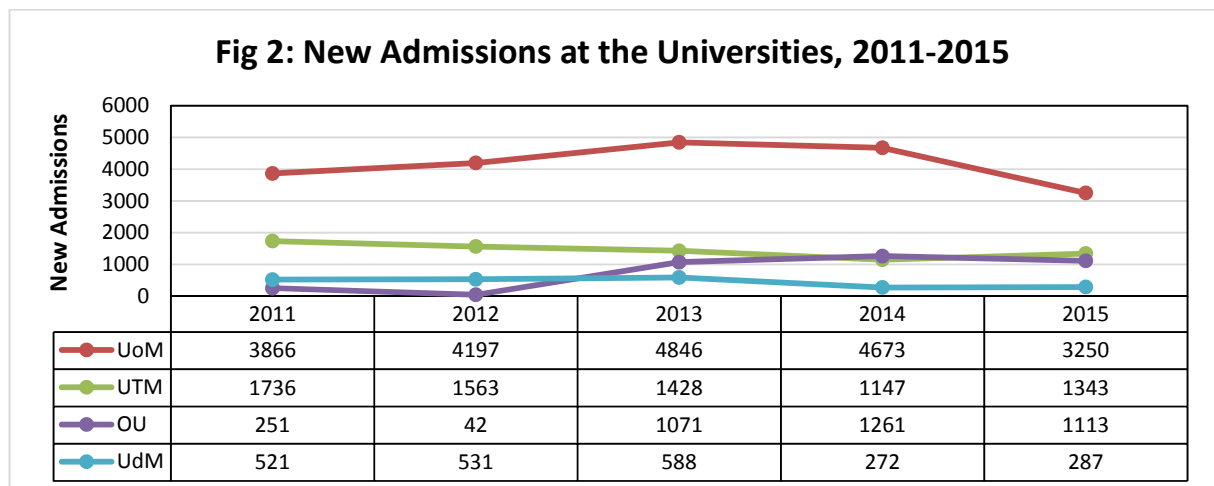

Figure 2 shows the evolution of new admissions (Year 1) in the 4 public universities over the period 2011 to 2015. As can be observed, new admissions at the UoM which peaked at 4,846 in 2013 declined thereafter. In 2015, the UOM recruited 3,250 students which represented a shortfall of 30% over 2014. New admissions at the UTM, on the other hand, which showed a declining trend over the period 2011-2014 reversed steam in 2015. With regard to OU, new admissions despite being relatively robust registered a fall of 11.7% in 2015 while at the UdM student intake remained sluggish compared to previous years. A number of factors may contribute to explain this situation amongst which the growing opportunities that exist for accessing tertiary education locally resulting in an increasing number of providers and delivery modes and culminating in fierce competition within the sector; a small and limited pool of prospective tertiary students locally; the enhanced attractiveness of Distance Education and E-learning in terms of their inherent flexibility for non-traditional/learners/mature students/working adults; and greater preference for higher studies overseas amongst those who can afford.

Enrolment by Field: Accounting remained the most popular field of study, with an enrolment of 9,864 (20.1 %), followed by Administration/Management – 6,101 (12.4 %), Information Technology – 3,920 (8.0%), Engineering– 3,705 (7.6%), Banking/Finance 2,655 (5.4%), Medicine– 2,609 (5.3%), Education– 2,331 (4.8%), Law– 2,272 (4.6%), Business/Commerce/Marketing– 2,240 (4.6%), Languages–,516(3.1%), Travel/Hotel/ Tourism – 1,436 (2.9%) and Science – 1,071 (2.2%) (Table 1).

Science & Technology-related subjects with 29.3% overall enrolment in 2015, showed signs of stagnating below the 30 % mark in the last 5 years (2011- 29.7%; 2012- 27.3%; 2013– 27.9%; 2014 – 29.3%). Of those S&T fields which witnessed a decline in 2015 were Engineering (-6.8%; from 3,974 to 3,705), Dentistry (-1.6%; from 243 to 239), Information Technology (-3.3%; from 4,051 to 3,920), Medicine (-6.9%; from 2,804 to 2,609), Pharmacy (-7.6%; 172 to 159), and Textile (-7.5%; from 212 to 196).

Enrolment by Mode: 62% (30,364) students were studying full time, 19.2% (9,378) part time and 18.8% (9,228) through the distance education mode. The corresponding figures for 2014 were 60% (30,370), 18.4% (9,300) and 21.6% (10,938) respectively. The PFIs enrolled a higher percentage of students on the full-time mode than do the PSEIs or 61.4% as opposed to 54.7%. It is to be noted that all students on Self-study were studying through the DE mode. In a similar vein, all those studying overseas were on full-time mode.

Table I: Distribution of Enrolment by Source and Mode of Study, 2015

Source/ Mode	Full-Time	Part-Time	Distance Education	Total
PFIs	13,267 (61.4%)	4,796 (22.2%)	3,558 (16.4%)	21,621
PSEIs	5,998 (54.7%)	4,582 (41.8%)	387 (3.5%)	10,967
Self-study	-	-	5,283 (100%)	5,283
Overseas	11,099 (100%)	-	-	11,099
Total	30,364 (62.0%)	9,378 (19.2%)	9,228 (18.8%)	48,970

Enrolment by Gender: Female continued to predominate over male students. In 2015, out of a student population of 32,588 in the TEIs (PFIs and PSEIs), 56.7% were female. The PFIs accounted for 58.2% of female compared with 53.9% for the PSEIs. Female made up for 56.8% of full-time, 54.8% of part-time and 61.3% of DE student cohorts overall (Table 7 and Table 45).

Enrolment by Level: 13.9% of students in the TEIs were reading for a Higher Degree (Postgraduate Certificate/Diploma or Masters), 61.8% for a Degree or equivalent, 8.2% for a Sub-Degree (Certificate/ Diploma) and 16.1% for a Professional award. At the level of the PFIs, the majority of the students opted for a Degree (72.8%) or a Higher Degree (16.8%) while Sub-Degree and Professional courses covered 10% and 0.4% of enrolment respectively. In the PSEIs, on the other hand, enrolment was concentrated on Professional (47%) and Degree (39.9%) courses and much less on Higher Degree (8.3%) and Sub-Degree (4.8%) (Table 5 and 44).

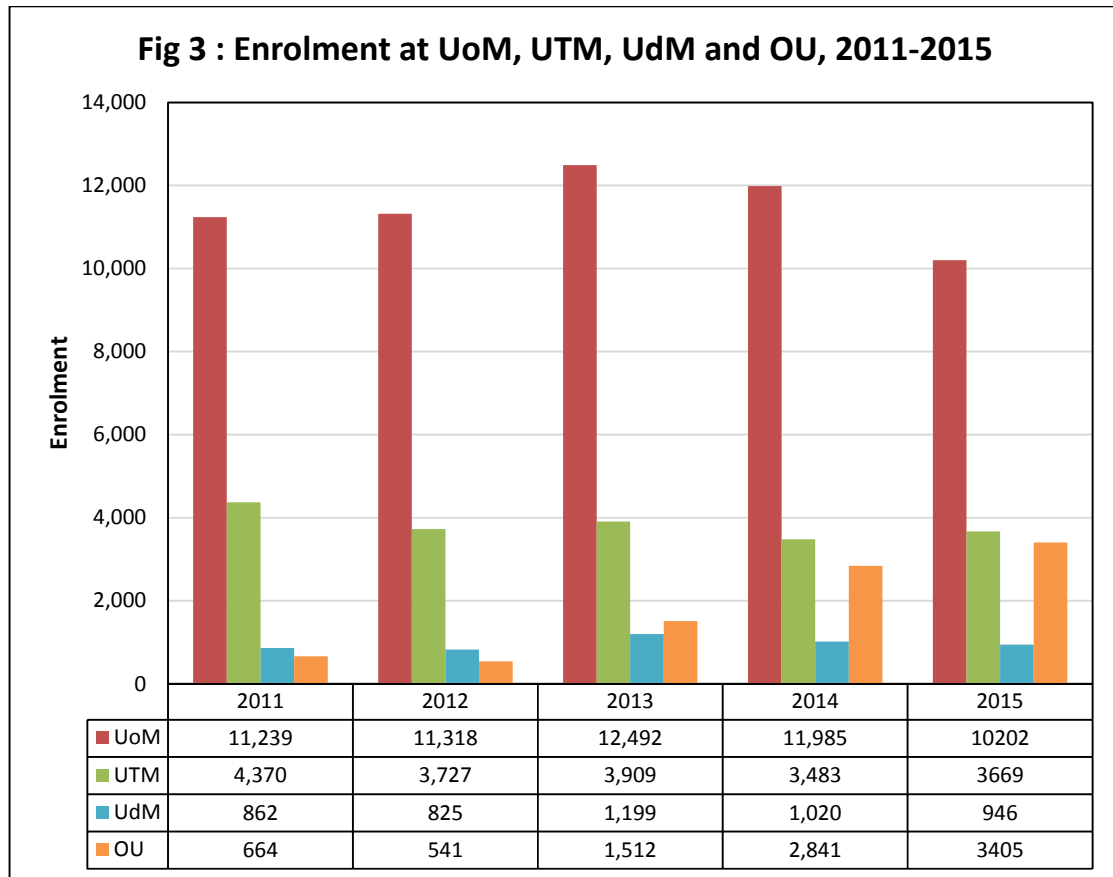

Table II: Enrolment Distribution by Level, 2015

Level	PFIs	PSEIs	TOTAL	%
PhD	182	-	182	0.6
MPhil	172	-	172	0.5
DBA	32	-	32	0.1
Master's Degree	2,499	840	3339	10.2
PG Diploma	50	68	118	0.4
PG Certificate	688	-	688	2.1
Bachelor Degree	15,242	4,380	19622	60.2
Professional	91	5,151	5242	16.1
Degree/Diploma	509	-	509	1.6
Diploma	2,133	408	2541	7.8
Certificate	23	120	143	0.4
Total	21,621	10,967	32,588	100

Enrolment in PFIs: Enrolment in the PFIs constituted 44.1% of total enrolment in 2015 compared with 45.0% in 2014. The 4 public universities, namely the UOM, the UTM, OU and the UoM made up for 84.3% (18,222 out of 21,621) of the PFIs' enrolment. Both the UOM (-14.9%) and the UoM (-7.3%) recorded a decline in enrolment in 2015 while at the OU and the UTM, enrolment grew by +19.9% and +5.3% respectively. Of the remaining PFIs, the MIE witnessed a slight decrease in enrolment from 1,976 to 1885 while the FDI increase its student number from 308 to 345. As regard the MITD (from 541 to 536), the MGI/RTI (from 631 to 625) and the MIH (8), the enrolment was more or less similar to the previous year's level (Table 3).

The Figure below depicts the enrolment trend in the 4 public universities for the period 2011-2015. As can be observed, despite the slackening pace of enrolment growth witnessed by the UOM in the past 2 years, the latter remained by far the single most important

provider of tertiary education in the country, accounting for over 1 in 5 students in 2015. It is equally worth noting the significant progress made by the OU over this short time span which puts it at more or less the same level as the UTM in terms of enrolment.

Enrolment in PSEIs: Of the 45 PSEIs that were in operation in 2015, 5 had the status of *International Branch Campuses* and 4 *Awarding Power- 2 Degree and 2 Sub-Degree*; the remaining institutions were franchising programmes of awarding bodies based either locally or overseas or both (Table 42). In 2015, a total of 92 overseas awarding bodies were present in Mauritius. The overseas awarding bodies were from the following countries: UK (66), France/Reunion (9), India (6), Australia (3), South Africa (4), Malaysia (3) and Pakistan (1). It is to be noted that many PSEIs with awarding powers also ran programmes of one or more other awarding bodies. The Table which follows shows enrolment distribution by type of PSEI over 2011-2015.

Table III: Distribution by Type of PSEI, 2011-2015					
TYPE OF PSEIs	2011	2012	2013	2014	2015
Awarding Power Institutions	246	371	465	188	234

Whitefield Business School Ltd	-	-	-	20	19
Institutions with Overseas Awarding Bodies (Franchises)	7933	8482	10181	8730	8700
TOTAL	9613	11008	12426	11330	10967

Enrolment in the PSEIs stood at 10,967 in 2015 as opposed to 11,330 in 2014 (-3.2%), of which 53.9% were female. Significant variation could be noted in the size of institutions with the student population ranging from 3 to 3,485. An analysis of the distribution of PSEIs by size shows that: 32% of institutions had less than 50 students, 25% between 50 and 100 students, 28% between 100 and 500 students, 10 % between 500 and 1000 students and 5% more than 1000 students. Table 42 shows a list of PSEIs with their enrolment. The students were studying full-time- 5,998 (54.7%), part-time- 4,582 (41.8%) and through the distance education- 387 (3.5%) mode.

A total of 171 programmes were offered by the PSEIs in 2015 (Table 46). Some 47% students were reading for a Professional award, 39.9% for a Bachelor Degree, 8.3% for a Higher Degree (Postgraduate Certificate/ Diploma, Masters, PhD) and 4.8% for a Sub-Degree (Diploma/Certificate) (Table 44). Over 4 in 5 students were enrolled on soft programmes and predominantly in the fields of Accounting (45.6%), Administration/Management (11.6%) and Law (5.3%). Science and Technology-related fields including Medicine (8.2%), Information Technology (6.9%) and Engineering (1.5%), on the other hand, constituted the remaining 17.6% of enrolment.

Enrolment through Self Study: 5,283 students were undertaking Self-study directly with an awarding body overseas in 2015, compared with 6,334 in 2014. The students were following their courses exclusively through the distance education/e-learning mode mostly in a non-Science & Technology related field (93.2%), which comprised *inter-alia* Accounting (62.1%), Banking and Finance (6.2%) and Administration/ Management (5.3%). Amongst the S&T fields, IT (5.2%) was the most popular (Table 47).

Distance Education: Overall, a total of 9,228 students were pursuing their study through the Distance Education mode in 2015, representing 18.8% of the tertiary student population. Besides the totality of students on Self-study, 3,558 DE students were based in the PFIs and 387 in the PSEIs. Some 3,410 students (37% of DE enrolment) opted for Accounting, 2,028 (22%) Administration/ Management and 647 (7%), Banking/Finance - 832 (7.6%), amongst others. Table 47 to 49 show the DE enrolment by source and field of study.

International Students Studying in Mauritius: A total of 1,524 international students (44% female) were pursuing their higher studies in Mauritius in 2015 compared with 1,546 in 2014, which represented a drop of 1.4%. A majority of the international students were enrolled in the PSEIs (1,367; 90%). Some 610 (40%) of the international students were doing medicine and 12.7% were reading for a Masters. It is to be noted that in 2015, 2 of the 3 institutions running medical programmes were not authorized to recruit new students. Tables 51-54 show the enrolment of international students by institution, programme of study, mode of study, gender as well as country of origin. Table 55 shows the enrolment of international students in the PFIs and PSEIs in the field of Medicine and Biomedical Science.

The international students came from over 70 different destinations (Table 53) with the main source countries being India- 422 (27.7%), South Africa- 236 (15.5%), Nigeria- 169 (11.1%), Madagascar- 89 (5.8%), France- 63 (4.1%), Uganda- 52 (3.4%), Tanzania- 47 (3.1%) and Zimbabwe- 43 (2.8%).

Mauritian Students Studying Abroad: The total number of Mauritian students overseas went up from 10,151 to 11,099 between 2014 and 2015. The United Kingdom remained the preferred destination on the whole with 2,506 students (22.6%) followed by France/La Reunion- 2,101 (18.9%), Australia- 1,911 (17.2%), India- 1,260 (11.3%) and China- 1,223 (11%). The most popular fields of study being pursued included *inter-alia* Engineering- 1,620 (14.6%), Medicine- 1,560 (14.1%), Business/Commerce/ Marketing- 868 (7.8%) and Law- 815 (7.3%) (Table 57).

It is to be noted that for 2015, a lower number of Mauritian students went overseas for higher studies or some 2,648 as opposed to 2,902 in 2014 (Table 56). Amongst the destinations that were the most affected were the UK which received 402 new students compared with 550 (-148) a year earlier; India, 135 compared with 541 (-406); China, 96 compared with 106 (-10); and Malaysia, 160 compared with 180 (-20). South Africa (+149), Canada, (+16), France, (+107) and USA (+29), on the other hand, increased their intake over the same period. In 2015, Australia was ranked first amongst Mauritian students (944 students) followed by France, UK, South Africa, Malaysia and India respectively.

** Statistics received from High Commission of the Republic of South Africa

DEFINITION OF TERTIARY EDUCATION AND TERTIARY EDUCATION ENROLMENT RATE

According to UNESCO, the Gross Enrolment Rate at the tertiary level (GTER) is defined as the number of students enrolled in tertiary education (ISCED level 5 to 8), regardless of age, expressed as a percentage of the population in the theoretical age group for that level of education, that is the five-year age group following official secondary school graduation age (taken in our case as 20 to 24 years)

$$\text{i.e, GTER} = (\text{Enrolment in Tertiary Education} / \text{population aged 20-24 years}) * 100$$

UNESCO defines tertiary education to include universities, teachers' colleges, and higher professional schools, requiring as a minimum condition of admission the successful completion of education at the secondary level, or evidence of the attainment of an equivalent level of knowledge.

TEC's definition of tertiary education aligns itself with that of UNESCO and encompasses all post-HSC/ A Level or equivalent programmes leading, upon completion to the award of either a Certificate- 1 full academic year; or a Diploma- 2 full academic year; or a Degree- 3 full academic year; or Postgraduate Degree or any other qualification recognized by the TEC.

However, the computation of GTER by UNESCO and TEC differs, as follows:

- For UNESCO, *the number of students enrolled in tertiary education* includes all students, local and international, enrolled and based locally and excludes all local students studying overseas

$$\begin{aligned} \text{i.e GER} &= \text{Total Local Enrolment including international students } \textit{divided by} \text{ Population} \\ &\text{aged 20-24 yr } \textit{multiply by} \text{ 100} \\ &= ((37,871)/100,168)*100 \\ &= 37.8\% \end{aligned}$$

- For TEC, on the other hand, *the number of students enrolled in tertiary education* refers to Mauritian students only, irrespective of whether they are studying locally or overseas.

As a result, our GTER reflects the participation rate of the local population in tertiary education as opposed to that of UNESCO which gauges the local supply capacity with regard to tertiary education.

Our GTER for 2015, accordingly, works out at 47.4%, as follows:

$$\begin{aligned} \text{GTER} &= (\text{Total Enrolment } \textit{minus} \text{ International students } \textit{divided by} \text{ (Population aged} \\ &\quad \text{20-24 yr) } \textit{multiply by} \text{ 100} \\ &= (48,970 - 1524 / 100,168) * 100 = 47,446 / 100,168 * 100 = 47.4\% \end{aligned}$$

The attention of users is drawn to the fact that the GTER and not the Net Tertiary enrolment Rate (NTER) is the most widely adopted indicator internationally, for obvious practical reasons. The GTER refers to the number of students enrolled at the tertiary level, whether or not they belong to the relevant age group for that level. The NTER, on the other hand, is the number of students enrolled at the tertiary level who belong in the relevant age group as a percentage of the population in that age group.

Please find below the GTER as from the year 2000 to 2015:

Year	Pop Aged (20-24)	New Pop Aged (20-24) Revised	Total Enrolment	GTER %	Revised GTER
2000	110,902	-	16,735	15.1%	15.1%
2001	113,741	112,892	20,140	17.7%	17.8%
2002	113,886	112,535	21,913	19.2%	19.5%
2003	111,321	109,061	25,685	23.1%	23.6%
2004	107,584	104,617	26,074	24.2%	24.9%
2005	101,716	98,113	28,864	28.4%	29.4%
2006	97,341	92,866	33,230	34.1%	35.8%
2007	93,817	88,825	35,023	37.3%	39.4%
2008	93,335	87,480	38,623	41.4%	44.2%
2009	94,489	87,881	41,484	43.4%	46.7%
2010	97,031	89,722	44,334	45.1%	48.7%
2011	100,769	92,717	45,969	45.0%	48.9%
2012	104,556	96,121	49,625	46.6%	50.7%
2013	-	98,647	50,579	-	50.1%
2014	-	99,667	50,608	-	49.2%
2015	-	100,168	48,970	-	47.4%
